About Fortinet (www.fortinet.com)

Fortinet (NASDAQ: FTNT) protects the most valuable assets of some of the largest enterprise, service provider and government organizations across the globe. The company's fast, secure and global cyber security solutions provide broad, high-performance protection against dynamic security threats while simplifying the IT infrastructure. They are strengthened by the industry's highest level of threat research, intelligence and analytics. Unlike pure-play network security providers, Fortinet can solve organizations' most important security challenges, whether in networked, application, wireless or mobile environments -- be it virtualized/cloud or physical. Nearly 250,000 customers worldwide, including some of the largest and most complex organizations, trust Fortinet to protect their brands.
